Data from Breaking Through

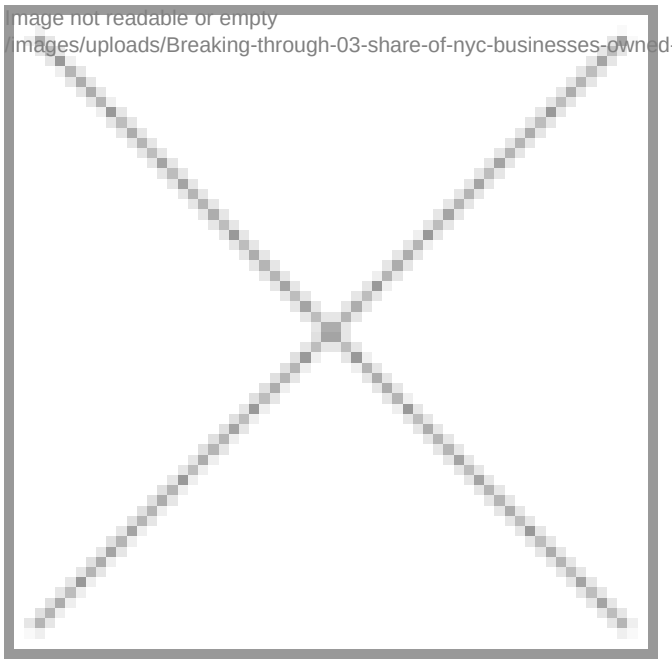

Charts and tables from our 2016 Breaking Through study. The report found that though women entrepreneurs of all ages, races and ethnicities are having an increasingly large impact on New York City's economy, the city has only begun to harness the full potential of women entrepreneurs.

CENTER FOR AN URBAN FUTURE (CUF) is an independent, nonprofit think tank that generates innovative policies to create jobs, reduce inequality and help lower income New Yorkers climb into the middle class. For 20 years, CUF has published accessible, data-driven reports on ways to grow and diversify the economy and expand opportunity that are anchored in rigorous research, not preconceived notions about outcome. Our work has been a powerful catalyst for policy change in New York City and serves as an invaluable resource for government officials, community groups, nonprofit practitioners and business leaders as they advocate for and implement policies to address some of New York's biggest challenges and opportunities.
